Dear Mr. O'Gorman:

**Buses on the 37 route parking on Diswellstown Road**

Thank you for your letters regarding the above.

Dublin Bus do tell drivers that when they have sufficient lay-over time that they use the lay-by mentioned in your correspondence. However, on occasions when buses only have a few minutes then they do lay-over on the main road at the terminus in preparation for their inbound journey.

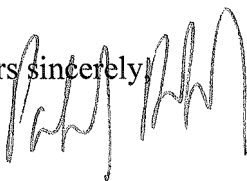

Due to the Department of Transport's rejection of both Dublin Bus's application to terminate in Blanchardstown Shopping Centre and secondly, outside the centre at the N3 end of Blanchardstown Road South we have recently met with Fingal County Council with a view to identifying a new terminus.

A new application has gone into the Department of Transport and provisional agreement has been reached with Fingal to construct a lay-by on the outbound side of Blanchardstown Road South between the Clonsilla and New Ongar Road roundabouts. This lay-by, if accepted, will cater for the relocation of the 37 terminus.

In the meantime we will continue to remind drivers when possible to use the lay-by between Luttrellstown estate and the back entrance to Castleknock Community College.

Thank you for your representations.

Yours sincerely,

**Paddy Doherty**  
**Business Development Manager :**
